

## EXPERIENCE

### AerNow, San Francisco, CA

**Lead Graphic & UI/UX Designer**, September 2016 – Present

**Graphic & UI Designer**, June 2015 – September 2016

- Internal design lead in designing and establishing the UI/UX of the AerNow platform across iOS, Android, Web, Apple TV, Amazon Fire TV, Roku, and Xbox.
- UI/UX Design of livestreaming event apps for clients including Pirelli World Challenge, House of Blues, Self Help Festival, and XLIVE Conference.
- Led UI design, HTML/CSS development, and support for Web-based projects.

### Freelance Designer

- **Two Degrees**: UI/UX redesign of a mutual friendship discovery app to encourage user interaction and improve accessibility. Interactive Marvel prototypes utilized for collaboration with the development team.
- **UCampusBooks**: Complete UI/UX redesign of a textbook marketplace app, utilizing Axure rapid prototypes and high-fidelity interactive prototypes for user testing.
- **Regal Group Realty**: Comprehensive Identity Design for a real estate company targeting middle-high/high income families seeking luxury houses in the Bay Area.

### Mustang News, San Luis Obispo, CA

**Graphic Designer**, April 2013 – January 2014

- UI, web, advertisement, print media, and interactive design for Cal Poly's award-winning student-run newspaper.

### Eastwick, Sunnyvale, CA

**Graphic Design Intern**, July 2012 – September 2012

- Infographics, brand identity, and presentation design to expand reach and brand recognition for clients such as Seagate, D-Rev, Ooyala, and ReachLocal.
- Aided in the identity design of Social X Design, Eastwick's consulting side-project.

### Sloat Design Group, San Rafael, CA

**Graphic Design Intern**, June 2011 – September 2011

- Package and visual design for clients including Ajinomoto, CJ Foods, and Annie Chun's.
  - Created artwork for dielines, product carriers, and true-to-size packaging mockups for client presentation at conventions and trade booths.
-
