EXPERIENCE

BlueVine, Redwood City, CA

Product Designer, Apr 2020 – Present

- Primary focus in launching and building the native mobile banking product for small businesses. Launched in July 2020, we ended the year with 10K+ checking accounts.
- Establishing and creating a cross-functional design system across the company.

Trustwork, San Francisco, CA

Product Designer, Sep 2017 – Apr 2020

- Founding designer at Trustwork, leading design team in establishing identity and comprehensive design system utilizing Sketch and Abstract.
- Collaborated closely with founders and executive team to launch a product for on-demand real estate services in the Texas and Florida markets.
- Worked directly with engineering and product stakeholders to document and establish a unified component library and design language for a constantly-evolving product.

AerNow, San Francisco, CA

Design Lead, Sep 2016 – Sep 2017

Graphic & UI/UX Designer, Jun 2015 – Sep 2016

- Internal design lead in designing and establishing the UI/UX of the AerNow platform across iOS, Android, Web, Apple TV, Amazon Fire TV, Roku, and Xbox.
- Design of livestreaming event apps for clients including Pirelli World Challenge, House of Blues, Self Help Festival, and XLIVE Conference.
- Led UI design, HTML/CSS development, and support for Web-based projects.

Freelance Designer

- Various UI/UX, Product, Identity, and Visual design for freelance clients.
-
